

Recommendation letter

TeAMS - American medical program at Technion Israel institute of technology

To whom it may concern,

I am writing this reference at the request of Jack, who is applying for a position at your team. Jack is my employee at TeAMS the American medical program at the Technion.

Jack has a number of strengths I'd like to share. He has exceptional technical skills and is a very fast learner. In a matter of weeks he took full charge of the quizzes system and instructed the Administrative staff as well as the Teaching staff. Jack is also a creative team player, a skill shown to me whilst he was creating the abstract for our website.

I'd like to add that Jack has received compliments from many of the teaching staff here at the Technion for his dedication and passion.

In conclusion, I highly recommend Jack. He will definitely be an extremely positive addition to your organization. If you need any additional information, feel free to contact me at or by phone 077-887-5478 email mdteams@technion.ac.il at any time.

Sincerely,

Dr. Robert Lubin
